

ProKids

For 26+ years, *ProKids* has been changing the lives of children in Cincinnati who can't live with their parents. *ProKids* help place children into foster homes when family situations don't allow a child to remain with their own parents. *ProKids* trains adult volunteers to help these children and now we can help them too!

If you would like to help support the foster parents that help care for **infants and toddlers**, please bring packages of **diapers** sized **newborn through pull-ups** and place them in one of the collection bins located throughout the building. If you have any questions, please contact Jan Ferris, Dir. of Children's Ministries.
