

ProKids

For 26+ years, *ProKids* has been changing the lives of children in Cincinnati who can't live with their parents. *ProKids* help place children into foster homes when family situations don't allow a child to remain with their own parents. When children have to leave their home and are placed in foster care, sometimes they aren't able to bring their own things with them-- things that you and I take for granted that we'll have each and every morning when we get ready for school or work.

ProKids trains adult volunteers to help these children and now we can help them too!

If you would like to help other children, please bring your donation and place it in one of the collection bins located throughout the building.

We will be collecting the following things:

<i>Supplies Needed</i>
<i>Hygiene products (shampoos, deodorant, toothpaste, toothbrush... the list can go on and on!</i>
<i>Socks for all ages - males and females</i>
<i>Body Wash</i>
<i>Hair Things (barrettes, ribbons, headbands... if you would wear it, they would!)</i>
<i>Hair Products for both Caucasian and African American</i>
